Subject: RE: Pre-RD Documents for review

Thanks for the heads up Davis.

I have prepared some of our staff for these anticipated field activity/sample planning documents, so we should be ready to review them on an expedited schedule when they come in.

Scott

Subject: Pre-RD Documents for review

Sean and Scott,

Just a heads up, I had a call with Ken Tyrell from the Pre-RD group and was told that they will be sending 10 documents in the next 18 days for our review.

The Bathymetry Field Sampling Plan will be the first to come in (sometime today), and they are requesting an expedited review and response. Following that will be the Health and Safety Plan.

I will forward the document once I receive it, I guess we will need to send to the TCT ASAP as well if we want to accommodate their schedule.

Thanks,

Davis Zhen
